The Assigned Question: Since “Seeing in the Spirit” is a major part of prophecy in Joel for the last days (Joel 2:28) and again declared by Peter at Pentecost in Acts 2:17, HOW DOES THIS GIFT FUNCTION IN YOUR LIFE? . AS A PROPETIC SEER, WHAT IS THE ROLE OF INTERCESSION IN GOD’S END-TIME PLAN TO WIIN NATIONS?

The role of intercession has always been important but now it is absolutely vital. Everything is moving evermore rapidly and thus the path for God’s plans must be quickly built for the harvest to take place.

Intercession establishes God’s will and ways, bringing the unseen into clear manifestation. So the work of the laborers are not in vain and eternal impact is completed. Nation by nation, individual by individual lives are transformed. The essence of prophetic intercession is obedient yielding to focused effort until clarity comes. In this way the work of the fivefold is augmented as the coordination and operation of the endeavor is carried out.

These are times of Great Revelations actually Illuminations of deeper layers of Truths that has existed from the beginning of time but now we understand more clearly how to apply in our time. People have always been used to Prophetically Proclaim God’s Purposes. Either speaking forth or actually symbolically living Out His Message. Think of Abraham, Joseph, Jeremiah, Mary, Elizabeth, Anna and many others

who are examples of hearing, seeing and believing. Faith or the strengthening of one's faith comes by Hearing and Seeing in the Spirit and then watching or living out its manifestation in the natural realm.. Developed, Strengthened, Faith brings forth Action and Fulfilment of the Assignment. We have a Huge ASSIGNMENT - with W 4 J.

We can see many things in the "spirit" yet it is not always clear as to where it fits, what it means or even the timing of its application. Of course it must be substantiated in the WORD - it never contradicts the Word though it may bring a greater understanding to a situation or specific direction or awareness. Or it might just bring Excitement and inspiration. This gift develops over time with the solidifying of the person's character and a greater understanding of the Word. This reliability of the person's life brings the ability to rely upon the accuracy and purity of what is seen or delivered. This gift is never given for personal aggrandizement, but rather to undergird and illuminate the work of the Lord. If this gift is not drawn on it can lay dormant and undeveloped .

So how does this gift operate in my life? It's function is engaged in the Presence of the Lord with a specific application to His specific purpose. My heart has to be engaged with the purpose be it for a person , place or nation. I actually sense a prompting or even pressure in my spirit to quicken my Cooperation with opening to flow of words or pictures or scenarios of the Holy Spirit.
